Happy

Air Conditioner Drain Line Cleaning

You can prevent a clogged AC drain by performing routine cleaning. By pouring a ¼ cup of vinegar into your AC's drain line, you will kill any mold, algae, mildew, and other forms of bacteria or fungi, preventing it from forming a buildup and causing a clog. Repeat this monthly for the best results.

Get the whole step-by-step guide on how to clean your drain line with vinegar on our website at whisperduneshoa.com—*Useful Tips*

Yield Signs Installed

The city replaced the stop signs at our roundabout intersection of Blue Sage & Sand Oak this week with yield signs. Please use caution and look for

oncoming traffic and pedestrians. Please note that the speed limit in our neighborhood is 20 mph.

HOLIDAY PARKING

It's a time for family and friends to get together! That means an increased need for parking spaces. To minimize vehicles in the street, parking at the pool will be permitted during the week of Thanksgiving and the week of Christmas.

Coming Up:

Burg Management is working to prepare our 2020 Budget for review and approval at our next HOA meeting. The budget will be posted to our website at the time of the meeting notification. We anticipate the meeting will be scheduled in December. Homeowners will receive a 14 day notification.

If you have an idea for our Neighborhood Newsletter, please send your thoughts, pictures or ideas to sally@enhancedimage.com

New CAM for Whisper Dunes

We welcome Mary Jane Schaefer as our new **Community Association Manager (CAM)** at Burg Management.

The **best** way to communicate your questions and concerns about our community is through the Whisper Dunes website at www.whisperduneshoa.com and use the **Contact BOD Form**.

The information submitted is sent to Mary Jane at Burg Management as well as the entire Board of Directors. This way the BOD is aware of your question/concerns and can insure that they are being handled in a timely manner.
